TIRED WHEELS

Krazy Kat is entered in a bike race along with a giraffe, and hippo and an elephant. Busses carrying the spectators form the arena. Krazy Kat on entering the race finds the other riders formed a solid wall so he makes a jack and pries them apart.

The race is on and Krazy Kat is off on the lead. The riding becomes fast and furious and the giraffe is leading now by a neck. He is finally thrown back between the elephant and the hippo when he discovers he has a flat tire. He attaches and elephants trunk to the wheel and pumps up his tire. He is back in the race again. His competitors are riding neck to neck. Krazy Kat produces a magnet and draws them back finally winning the race and the prize of a bag of gold.

He is taking his bows, when the elephant comes over, picks up the magnet and holds it while the bag of gold opens up and all the money is drawn to the magnet and runs away with it.

THE END.
